Tharp at his home in Junction City on Wednesday afternoon, April 28 after a four months illness of cancer. We bow in humble submission to Him who from the crucible of eternity forms our lives. —In the richness of living and in the fullness of usefulness, perhaps when the tide of life was at its highest, death, unrelenting death, claimed him, and just as "The smallest bark tossed on life's tumultuous ocean will leave a tract behind for evermore," so the influence of this man is that of a soul who has caught the meaning of the Cross. Mr. Tharp was born in Marion County July 20, 1868, where he lived until about the age of eighteen, afterward coming to Brodhead where he remained until he went to Boyle county some few years ago and made his home in Junction City where he held a responsible position with the L. & N. and Southern railroads. By strict application to the laborious routine of duty, he endeared himself to his employers. For a number of years he has been a member of the Christian church where he loved to go, and at the time of his death was deacon of Christian church at Junction City. He was a member of the fraternities known as Masons, Maccabees and Woodman of the World. He was indeed a very substantial citizen and a kind and devoted husband and father, and just at this time in his life it is hard to understand why he should be taken, yet we know it is best, since God willed it so. Besides his wife and two daughters, Mrs. Douglas Roberts, of Fleming, and Mrs. Richard Albright, of Brodhead, and son, Gravelly Tharp, he leaves two brothers, Mr. Hope Tharp, of Wylam, Ala., and Mr. Charlie Tharp, of Campbellsville, and three sisters, Mrs. George Vermillion, of Danville, Mrs. Alson

Sharp, of Lebanon, and Mrs. Sam Tatum, of Rileys, all of whom attended the burial. —except Mr. Hope Tharp who was unable to get here. To the grief stricken family we commend them to Him who is able to take the dark cloud that hangs so heavily over them and paint thereon the most beautifully hued rainbow. In the care of Him who clothes the lily of the field and guides the wondering flight of the bird we leave them. After a short funeral service on Friday morning at the residence by the Rev. Cleo Purvis, of Salvisa, the remains were brought to Brodhead and taken to the home of Mrs. Tharp's sister, Mrs. J. R. Cass and after being viewed by his many Brodhead friends and relatives was taken to Piney Grove cemetery and laid to rest with Masonic honors. Those accompanying the remains here were: Wm. Rockcastle News Notes

The word Reverend appears but once in the Bible. The 21st verse of the 7th chapter of Ezra contains all the letters of the alphabet except J.

The making of cedar vessels, such as pails, buckets, churns, tubs, piggins and keelers was once an important business followed by numbers of Rockcastle people.

Gunpowder was manufactured for many years at two or more "mills" in or near Mt. Vernon. One of these establishments was operated by James McCall, just a little north of U. G. Baker's Newcomb Avenue residence. Saltpetre, one of the ingredients used in its make, was secured from Great Salt Peter Cave and places in Rockcastle.

Sixty years ago thousands of native hogs and other thousands from the bluegrass counties were fattened in the Rockcastle wilderness woods, on the mast (acorns). In those days the citizens raised more meat than they needed and sold bacon in the bluegrass. Deer, bear and turkeys were to be found in good numbers.

Will Cummins, of Mareburg, brought the first phonograph to Mt. Vernon. It had no horn, and to hear the machine in oper-

ation the listener had to place rubber tubes in his ears, the tubes were connected to the phonograph "reproducer" by rubber pipes. Only a few could "listen in" at same time.

Mt. Vernon's present jail was built in 1887 at a cost of \$8700.

S. C. Franklin, of Mt. Vernon, started his ginseng garden in 1896. Shipped seeds to various countries, including China.

The first legal hanging to take place in Rockcastle was in 1841 when Johnathan Davidson was executed for stabbing Henry Langford to death on the streets of Mt. Vernon.

Within the three years following 1877, there were shipped from Mt. Vernon to Louisville more than 400 car loads of tanbark and some to Cincinnati.

In 1885 and some years following, first class lumber was sold for 10 c. b. cars in Rockcastle at \$1 per hundred. Potatoes 50 cents bushel.

Mt. Vernon has had the following named post-masters: Joseph Reynolds; 1850, Col. Richard G. Williams; Charles Kirtley; George Severance; J. W. Moore; S. L. Whitehead; Mrs. M. E. Brown; Joshua Boring; Mrs. Cleo W. Brown; Mrs. Ella Baker; Walter B. Smith; Mrs. Anna E. Miller; Mrs. Cleo W. Brown.

Pleasant Valley, (now Cove Station), was a coal shipping point 1872 to '78.

Between the years 1880 and '93 the writer was sent with telegraph outfit, to see bad train wrecks that occurred between Rowland and Corbin and sometimes to points beyond.

The old Elkin Hotel bell, which did a half century's service, in calling guests to meals, at that hostelry, has been in possession of the Kirtley and Bragg families for another half century, yet retains the sweet tone it started out with one hundred years ago. This bell is mounted over the dining room roof of W. M. Poynter on East Main street, and at times it is used to remind "Billy and Dave" that meals are waiting for them.

The legal card of C. C. Williams has appeared in every issue of the Signal since the beginning of its publication in November 1887 more than 32 years.

The following delegates attended the Democratic State Convention in Louisville this week: Miss Risse Williams, W. J. Sparks, C. C. Williams, Dr. Walker Owens, W. A. Cox and W. T. Hicks.

HOORAY! THE RED WAGONS ARE COMING.

The down town billboards and deadwalls are proclaiming with all the eloquence of the pictorial art that Sangers Greater European Shows will visit Mt. Vernon Tuesday, May 18. The announcement is hailed with delight by the juvenile element while some of the "older boys" are looking about for their stray nephews and nieces, saying they will probably have to go and carry the children to see the animals. But deep down in their hearts they know they would not miss the big show if there were not a small boy within a thousand miles of Mt. Vernon on show day.

Although the Great Sanger Show is one of the oldest and most favorable known of all "white tops" attractions, the big show is visiting this section of the state for the first time. The show will come here from Lebanon aboard its own special train of railroad cars. Many new and novel features are apart of this season's program. Among them being the Berry family of acrobats; the Siegrist-Silbon troupe of daring intrepid aerialists; the Sliverton trio, dancers on a lofty double wire; the Nelson family, gymnasts; the Aerial Christosens and the St. Leons. In addition there will be seen Prof. Sangers collection of educated Shetland ponies, monkeys and dogs.

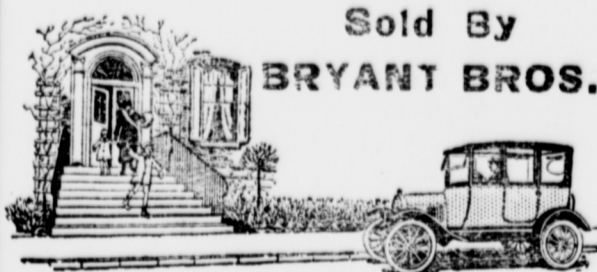

There will be two performances at 2 and 8 p. m., the doors opening an hour earlier to permit a concert of popular and operatic music by Prof. Fred Melvin and his military band. A downtown concert will be given at noon followed by a series of free exhibitions on the grounds.

Mr. Abe Adams, one of this county's very best citizens died at his home here Tuesday. Mr. Adams has been suffering for several weeks with pneumonia. It was thought that he would recover until a sudden change came about Sunday. He was born and raised near this town and is survived by a wife and four children: Mrs. Ben Parcell, of this city; Mrs. Victor Francis-co, of Lebanon Junction; Will and Roscoe Adams who are at home, two brothers and a sister.

Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

SALVATION ARMY IN PRISON WORK

Adjutant James Thompson Works
Army Prisoners in Reformatories
at Frankfort and Eddyville.

One of the most important departments of work conducted by the Salvation Army in Kentucky is that of Adj. James Thompson among the men and women in the state penal institutions. Adj. Thompson has been in charge of the Salvation Army corps at Frankfort and in connection with his labors has worked among the inmates of the Frankfort Reformatory and the state prison at Eddyville.

Great attention has been paid to the "Brighter Day League," a national organization of men and women prisoners fostered by the Salvation Army. Each member who joins the League is given a button to wear and a certificate of membership to hang on the wall of his cell. There are more than 200 members of the Brighter Day League in the Frankfort Reformatory and about 300 in Eddyville.

Adj. Thompson conducts a Bible class twice a year in the two prisons, continuing from six to eight weeks. Each contestant must stand and repeat from memory many passages of Scripture. There is keen rivalry among the contestants. Every Sunday the Adjutant spends many hours inside the prison walls, as well as on week days when his services can be utilized.

A prominent feature of Adj. Thompson's work is the care of needy families of prisoners who go to Frankfort to visit their relatives inside the prison walls or who seek to see the governor on pardon matters. Men, women and children often land in Frankfort, knowing no one and with little or no money. The welcome door of the Salvation Army Emergency Home is always open. The visitors are fed and given lodging and a ticket home. This is a part of the work funds for which are to be raised May 10-20.

KENTUCKY GIRL AT BOOTH HOSPITAL

Declares Her Life Was Saved at
Salvation Army Memorial Hospital
in Covington.

Not long ago a Louisville young woman was given up for dead by prominent physicians. They pronounced it cancer. Through the Salvation Army this young woman was taken to the Booth Memorial Hospital at Covington, conducted by the Salvation Army. For more than two hours leading surgeons of Covington and Cincinnati operated on this young woman while her faithful friend of the Salvation Army corps stood by to win her back to consciousness.

Today this young woman is alive and well and holds a fine position in a Cincinnati office. She declares that she owes her life to Booth Memorial Hospital, the surgeons and the faithful workers.

One object for which the Salvation Army's Home Service Appeal in Kentucky, May 10 to 20, is to be conducted is to raise money for an extension to this hospital so badly needed. Kentuckians in every part of the state are justified in giving to this fund because all Kentuckians are welcomed to Booth Memorial Hospital whether they have money or not. No person is turned away on account of a lack of funds.

Booth Memorial Hospital holds the record of caring for more charity patients than any other hospital in the United States. A training school is a part of the hospital work, and during the influenza epidemic many Salvation Army nurses were sent out into various sections of Kentucky and rendered valuable service.

AMERICAN LEGION TO SALVATION ARMY

Kentucky Department Commander Ulric Bell in Strong Letter to All Legion Members.

Ulric Bell, department commander of the American Legion, of Kentucky, in a recent endorsement of the Salvation Army, said:

"It will not be necessary for the American Legion to say to the former soldier that the Salvation Army is a good thing and deserves support. It is already well known that 'Johnny Buck' has learned to respect the 'Sally Ann' under a stress that has tried the souls of both. Soldiers of the Salvation Army shared in common, during the late war, the same risks and dangers faced by those who now make up the American Legion. It is the hope of the State Department of the Legion that the Salvation Army will meet with great success in its work and the conviction that 120 units of the American Legion in Kentucky will stand shoulder to shoulder with the Army in all good things."

The Salvation Army's Home Service Appeal is May 10-20.

"Nothing Scares the Devil

like the BIG BASS DRUM," said Col. John L. May, 162d Infantry, A. E. F. The Colonel knew, and the 18,000,000 persons who attend THE SALVATION ARMY open-air meetings each year know it is true.

CHANDLER SIX

Famous For Its Marvelous Motor

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Brewster, Stutz, Pierce-Arrow.

SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Fiat, Mercer.

TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.

ANNULAR BALL-BEARING TRANSMISSION. Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Fiat, Locomobile, Packard, Marmon.

ANNULAR BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz,

Pierce-Arrow, Fiat, Brewster, Packard, Locomobile.

ANNULAR BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Fiat, Mercer.

HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Fiat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

One car, listing at \$2975, checks with Chandler in only one feature
One car, listing at \$2685, checks with Chandler in only three features
One car, listing at \$2400, checks with Chandler in only one feature
One car, listing at \$2250, does not check with Chandler in any feature

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in its higher-priced model (\$3,500), incorporates this feature.

These Statements are Facts and they Give You a Few of the Reasons for Chandler Leadership
The specification data quoted is substantiated, in every instance, by the manufacturers of the cars referred to.

URGE KENTUCKIANS ON IN BIG DRIVE

State Conference Held to Arouse Interest in Salvation Army Home Service Appeal, May 10 to 20.

In preparation for the final drive in the Salvation Army's Second Home Service Appeal, May 10 to 20, in Kentucky and other states east of the Mississippi river, a state conference of workers was held in Louisville on Wednesday.

ville, the state chairman, presided and the toastmaster was Ben S. Washer, of Louisville, vice chairman and former national president of the Young Men's Hebrew Association. Governor Edwin P. Morrow, honorary state chairman, could not be present but sent a telegram giving his hearty endorsement and urging Kentuckians to leave no stone unturned to put Kentucky in the forefront of states in contributions. Governor James S. Cox of Ohio was also prevented from attending and sent a telegram of endorsement.

Prominent workers from all parts of the state pledged themselves to do their best. Prof. George Colvin, State Superintendent of Public Instruction, delivered a splendid address in which he called upon all for renewed efforts in the big drive. Leading officers of the Salvation Army from this section told of their experiences in the actual work of the Army, most of them having served from 20 to 35 years in the ranks of this great organization.

Among other prominent workers in the Home Service Appeal are: Ben L. Bruner, secretary of the state executive committee; John R. Downing, treasurer; Dr. W. S. Lockhart, chairman of the speakers' bureau; Judge Walter V. Gregory, chairman of the publicity committee; Mrs. C. Malcolm Bullitt, Mayor George Weissinger Smith of Louisville, Hon. W. P. Lincoln, Marvin H. Lewis, Alvin T. Hart, Dr. E. L. Powell, Dr. E. Y. Mullins and Dr. Charles W. Welch.

FRIENDLY HOME FOR WOMEN IS HELPED

Salvation Army Does Fine Work in Louisville Institution For Women and Girls.

The Susan Speed Davis Friendly Home for Women in Louisville is controlled and operated by the Salvation Army and is one of the institutions to be helped by the money raised in the Home Service Appeal to be made by the Salvation Army, May 10 to 20.

Four times as many cases were cared for in this Home during the past year and during the year before. This work has been carried on in the face of trying difficulties. It has been necessary to remodel and refurnish the Home, and in spite of this many have been cared for. Forty-three girls and young women were cared for there during the past month. Only six per cent of those cared for are over 14 years of age and many are under 14.

The Susan Speed Davis Home gives a welcome to all unfortunate girls and women, no matter from what part of Kentucky they come.

YOU can't afford to let any of that golden cream escape in the milk. If you know where the leak is you are going to stop it. We can show you how the Primrose stops the tiniest leak.

The Primrose Cream Separator skims clean—to the very last drop. It is simplicity itself in operation. The Primrose is the only cream separator which doesn't obstruct the cream outlets in the bowl with a cream screw.

Running quickly over a few of the other high spots—substantial supply can, heavy tinware, close-skimming bowl, highest grade material, simple driving mechanism, all parts oiled by splash from supply in gear case, sanitary frame.

There are several exclusive features whose values are obvious on a demonstration. We want to explain every one, and show how they all tend to save you that valuable cream to the last valuable drop.

You are in the dairy business to make money. You need the warm skim milk for feeding. Let the Primrose help you. The size of your herd in no way affects the ratio of profit. The Primrose saves on the gallon—you can figure your profits.

"Wonderful" Says This Ohio Woman

WAS IN DESPERATE HEALTH THREE WEEKS AGO, BUT IS NOW STRONG AND WELL

"Three weeks ago I was almost desperate over the dreadful condition I was in, but today since taking Tanlac my health is just fine and my friends and neighbors are complimenting me on how well and strong I am looking," said Mrs. Katherine Karinkowski, of 235 East Park St., Toledo, Ohio, a few days ago.

"It was seven years ago that my health failed," she continued, "and in spite of everything I could do I kept growing worse until I could not go on longer. My stomach was so badly upset that even milk-toast disagreed with me most of the time and I simply had to force down enough to keep from starving. Many times while I was sitting at the table I had blinding, dizzy spells and would have to get up and leave. I had awful cramps in my stomach and always felt nauseated after eating. My kidneys were badly disordered and I suffered agony with pains all through my back and sides. I was trying to have some dental work done but had to give it up, as I was so weak and nervous I was on the verge of a breakdown.

"Three weeks ago my son brought me a bottle of Tanlac

and I began taking it. People praising it for the good it had done them that he wanted me to try it. So I began taking it and it doesn't seem possible that any medicine could do what it has done for me, after I had suffered so long. But my improvement has been so wonderful that today I am feeling better and stronger than I have in seven years and am just so overjoyed I am telling the whole neighborhood about Tanlac. I can eat just anything I want and digest it without a particle of trouble or without feeling nauseated or dizzy afterwards. My kidneys are in splendid condition and the pains in my back and sides have all left me. I am not the least bit nervous, am gaining weight every day and can recommend Tanlac with all my heart."

Tanlac is sold in Mt. Vernon by Mrs. C. Davis, in Brodhead by The Brodhead Pharmacy, and in Livingston by A. G. Webb.

TOUCHING TRIBUTE TO SALVATION ARMY

Kentucky Marine, Now Sleeping at Chateau Thierry, Sent Beautiful Message Home to Loved Friend.

One dark night, shortly after the American marines had received their first baptism of blood at Chateau Thierry, a Kentucky boy, Gilbert Young, of Springfield, sat crouched in a dug-out writing a letter home. In it he described to one of his dearest friends and former teachers, Prof. George Colvin, now State Superintendent of Public Instruction of Kentucky, the terrible ordeal through which he had passed unscathed.

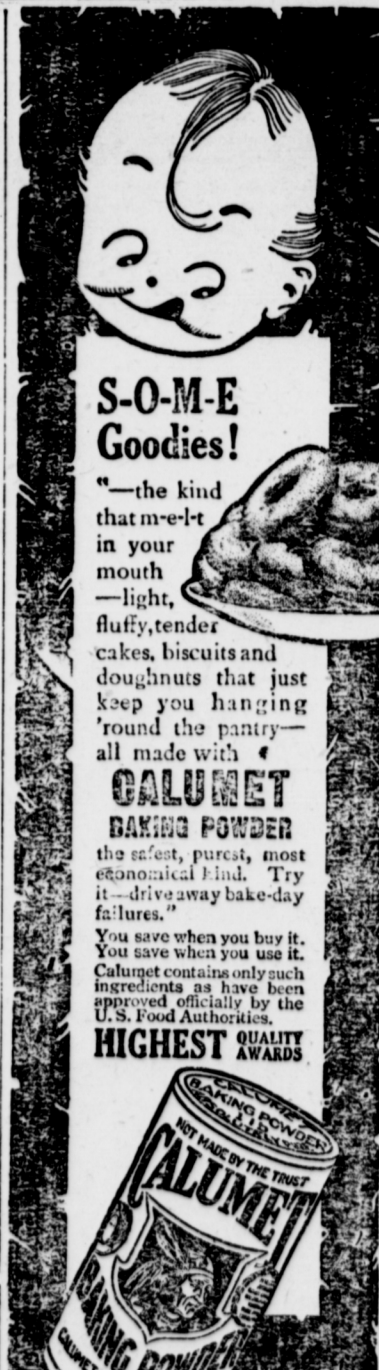

In one paragraph of that letter, now a precious and treasured memorial, the young Kentucky marine told of the great work that had been done during those trying hours by the various welfare agencies. "But greatest of them all," he wrote, "the greatest and best of them all, God bless them forever, is the Salvation Army."

The body of Gilbert Young, the brave Kentucky boy, lies today at Chateau Thierry beneath the lilacs of France, but his soul, poured out to his friend, goes marching on in tune with the great work the Salvation Army is seeking to accomplish now that swords have been turned into plowshares and spears into pruning hooks.

The sacrifice of Gilbert Young and the hundreds of other young Kentuckians who gave their lives for liberty during the world struggle will cause many a heart in the great Blue Grass state to pour out its benediction upon the Salvation Army when money is solicited in the Second Home Service Appeal campaign May 10 to 20. The Salvation Army today as always stands ready to help wherever there is a need.

SUGGESTION FOR A CAMPING TRIP.

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

HON. RICHARD P. ERNST.

ERNST ENTERS SENATE RACE

Covington, Kentucky,
May 7th, 1920

For some time past it has been

CANDIDATE NOTED FOR EXTENSIVE CHARITY WORK

EDUCATOR AND "Y" LEADER

Ardent Supporter of Movement To Wipe Out Illiteracy

It is hardly necessary to introduce
Richard P. Ernst, whose candidacy
for the United States Senate has just
been announced, to the average Ken-
tuckian.

His name has appeared throughout
the state in connection with charitable
movements, war campaigns, church
and missionary work and drives to aid
the schools and school teachers, espe-
cially in the mountain districts.

His charitable work, aggressiveness
and progressiveness in civic move-
ments and personal popularity have
made him one of the most generally
admired men in Northern Kentucky.
His extensive work in the interests
of his state and its people began im-
mediately upon Mr. Ernst's graduation
from the famous Old Centre College,
Danville, where he was valedictorian
of his class.

Admitted to Bar.

He was admitted to the bar in Ken-
ton county after examination by Sen-
ator John W. Stevenson and Judge
William R. Arthur and since has prac-
ticed law in Covington and Cincinnati
with the same aggressiveness and suc-
cess that have featured every move-
ment worth while into which he has
directed his efforts.

Gleaning over the long list of his
activities one can see that he contin-
ually has enlisted himself in move-
ments in which he could accomplish
best results for the people.

As trustee and a member of the Ex-
ecutive Committee of Old Centre Col-
lege, Kentucky State University at
Lexington, and of Pikeville College,
his excellent advice and assistance in
matters of importance have been ex-
tremely beneficial to the students.

Wipe Out Illiteracy.

Recently he has taken a deep inter-
est in the campaign teachers are wag-
ing for increased salaries and has
been taking active steps to secure bet-
ter pay both for the teachers of the
state and for the professors in our col-
leges and universities. The mountain
schools especially appeal to him and
he has been an ardent supporter of
the movement to wipe out illiteracy
and to offer residents of the mountain
districts better facilities for education.

Mr. Ernst's continuous help has
been received by the churches of the
state, regardless of denomination. He
is an elder and succeeded his father as
superintendent of the Sunday-
school, their terms of service cover-
ing a period of nearly 80 years. He
has been looking after educational and
missionary work in the mountains, as
chairman of the State Committee of
his church, and has succeeded in more
than doubling the amount heretofore
given for this purpose.

And his work does not end there.
He is president of the Covington Y.
M. C. A. and a member of the Nation-
al War Council. As head of the Y.
M. C. A. he has been mainly instru-
mental in erecting one of the most
complete and modern buildings to be
found.

Son in Active Service.

He was active in every form of war
work and gave continuously of his
time, labor and money, whenever
called upon. His only son was serv-
ing at the front in France, as a cap-
tain in the regular army, when the
armistice was signed. He had en-
tered the army as a private during the
Mexican trouble and later passed his

friends throughout the State that I
would be a candidate for the
Republican nomination for United
States Senator.

I now desire to make public
announcement of that fact.

I keenly appreciate the respon-
sibility and importance of this high
position, and, in the event of my
election, I will give to the duties of
this office the best there is in me
and will represent the people of
Kentucky and of the United States
to the best of my ability.

I desire, also, to take advantage
of this opportunity to express my
sincere thanks to the many Repub-
licans throughout the State who
have, without solicitation on my
part, so kindly and generously
offered me their support.

RICHARD P. ERNST

examinations at Washington, winning
a second lieutenantcy. Mr. Ernst's
son-in-law, John P. Darnall, of Flem-
ingsburg, volunteered as a private and
also was in active service at the front.

His wide and extensive business and
professional experience, as counsel-
or and advisor to many large financial
and manufacturing concerns, has been
of unlimited value to his state and
community, as he has been called upon
many times to give advice when mat-
ters of big moment were being consid-
ered.

Mr. Ernst's record of service in the
Republican party is a long one.

Good Republican Record.

Beginning as a Congressman in Covin-
ton, he was kept in office by members
of both parties until he insisted on re-
tiring. For many years he was on the
State Central Committee and for four
years served as its chairman. He has
represented his district a number of
times at National Conventions and also
has been one of the "Big Four" from
his state. It was he, who, while state
chairman, established state headquar-
ters at Louisville, since continuously
maintained by the party. He also has
been a liberal financial supporter of the
party during all three years and one
of its wise counselors.

Mr. Ernst's father was William
Ernst, a banker at Lexington, subse-
quently Covington. His mother was
Sarah A. Butler, a Jessamine county
girl.

It was through Mr. Ernst's instru-
mentality that the Covington Indus-
trial Club was developed and through
his efforts that the campaign to erect
a magnificent headquarters for this re-
markable civic organization was suc-
cessful.

CARD OF THANKS.

We wish to express our sincere
thanks to relatives, friends and
neighbors for the many acts of
kindness and sympathy extended to
us during the sickness and death of
our dear husband and father,
Henry L. Tharp, also for the many
beautiful floral offerings.

ABOUT RHEUMATISM.

People are learning that it is
only waste of time and money
to take medicine internally for
chronic and muscular rheuma-
tism, and about ninety-nine out
of a hundred cases are one or the
other of these varieties. All that
is really necessary to afford re-
lief is to apply Chamberlain's
Liniment freely. Try it. It costs
but 35 cents per bottle. Large
size 60 cents.

C. D. Sutton, Chairman and
W. H. Fish, Secretary of the Sal-
vation Army Home Service Ap-
peal for this county, were in Cor-
bin yesterday to attend a district
conference of county workers.
This appeal is to be made from
May 10th to 20th, starting next
Monday.

DO YOUR BEST.

Everyone should do all he can
to provide for his family and in
order to do this he must keep his
physical system in the best con-
dition possible. No one can
reasonably hope to do much
when he is half sick. A good share
of the time, if you are constipa-
ted, bilious or troubled with in-
digestion get a package of Cham-
berlain's Tablets and follow the
plain printed direction, and you
will soon be feeling all right
and able to do a day's work.

FOR A WEAK STOMACH.

As a general rule all you
need to do is to adapt a diet
suited to your age and occupa-
tion and to keep your bowels
regular. When you feel that
you have eaten too much and
when constipated, take one of
Chamberlain's Tablets.

ever given in Mt. Vernon. Each
part was well acted. Much real
talent was displayed, talent more
outstanding than that found in
High School circles.
